Dear Mr. Giambusso:

Subject: Oyster Creek Station
Docket No. 50-219
Changes in Plant Operating Personnel

The purpose of this letter is to report changes to plant operating personnel which involve positions for which minimum qualifications are specified in our Technical Specifications.

Mr. Joseph T. Carroll, Jr. has been promoted to the position of Superintendent, Generating Station-Nuclear at Oyster Creek.

Mr. Donald L. Reeves has been promoted to the position of Operations Supervisor filling the vacancy created by Mr. Carroll's promotion.

Both of these men meet the minimum qualifications for these assignments as set forth in our Technical Specifications.

Mr. Thomas J. McCluskey, formerly the station superintendent at Oyster Creek, has been promoted to the position of Manager, Generation Engineering on the central office staff.

We are enclosing forty (40) copies of this letter.

Very truly yours,

Donald A. Ross
Manager, Nuclear Generating Stations
