Request for Return of Unexpended
Filing Fee

Dear Ms. Diggs:

On January 11, 1984, check #837526 in the amount of \$20,000.00 was forwarded to the NRC to cover the filing fees for five (5) Technical Specification proposals. The following four (4) proposals were submitted.

1. Control Rod Drive Weekly Surveillance Testing

This technical specification change was submitted by letter from W. D. Harrington to D. B. Vassallo, dated September 12, 1983 (BECO 2.83.238).

2. Fire Protection

This technical specification change was submitted in five segments by letters from W. D. Harrington to D. B. Vassallo, dated July 11, September 12, October 13, November 16, and December 28, 1983 (BECO 2.83.180, 237, 257, 282, and 300, respectively).

3. Reload 6

This technical specification change was submitted by letter from W. D. Harrington to D. B. Vassallo, dated December 28, 1983 (BECO 2.83.301).

4. Increased Core Flow

This technical specification change was submitted by letter from W. D. Harrington to D. B. Vassallo, dated March 20, 1984 (BECO 2.84.045).

The fifth proposal, Reactor Protection System Protective Circuitry, has not been submitted. In the meantime, a revised schedule of fees was adopted by the NRC as an amendment to 10CFR Part 170, and became law on June 20, 1984. This revised fee schedule provides for a technical specification proposal or

change submittal to be accompanied by a filing fee of \$150.00, with utility billing based on review staff analysis rates and time expended. As a result of the new filing fee requirement, the credit for the proposed unfiled technical specification is no longer applicable.

In order that we may properly balance this account, you are respectfully requested to initiate a check in the sum of \$4,000.00, payable to Boston Edison.

Very truly yours,

WJ Harrington
