TELEPHONE CALL FROM "THE TRENTON TIMES"

I received two calls from a Ms. Barbara Harris from the Trenton Times. Ms. Harris called the Region on Tuesday, February 20 and Thursday, February 22, 1973. I was out of the office on February 20, 1973.

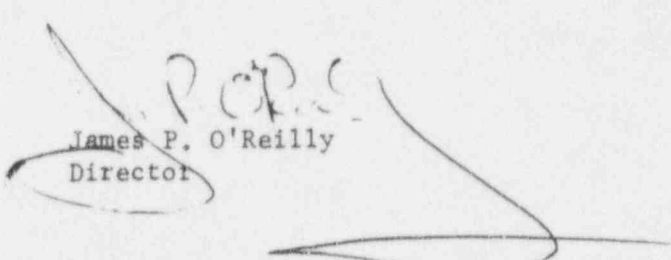

Ms. Harris wanted to know the answer to some questions pertaining to Oyster Creek. Specifically: ~~they want~~

1. They wanted to know some of the details pertaining to the shutdown from December 29 to January 10, 1973.
2. They wanted to know whether the number of shutdowns at Jersey Central was normal for the type of plant.
3. They wanted to know whether this was the office that was responsible for the inspection of that activity.

I answered the above questions. She seemed "neutral" on the plant. She did not attack nor defend Oyster Creek or our activities at Oyster Creek. Her telephone # is (609)-396-3232.
