Docket Nos. 50-352 & 50-353

Dear Mr. Denton:

Enclosed for filing with the Commission is Amendment No. 73 to the License Application of Philadelphia Electric Company in the above captioned matter. This Amendment makes changes to the Final Safety Analysis Report as a result of discussions with several Branches of the NRC Staff and commitments previously made to the Staff and to accurately reflect the Limerick design. The Amendment also revises the Emergency Plan in accordance with earlier commitments to the NRC Staff.

The filing consists of three originals and nineteen copies of Amendment No. 73 to the License Application, 50 copies of Revision 37 to the Final Safety Analysis Report and 50 copies of Revision 11 to the Emergency Plan.

Very truly yours,

Eugene J. Bradley
