ENCLOSURE NO. 1

Request for Additional QA Information
Perry FSAR Amendment 15

1. FSAR Amendment 15, Section 17.2.1.3.2.1.1, lists 11 responsibilities of the Managers of the Perry Plant Operating Department (PPOD) and Perry Plant Technical Department (PPTD). Identify the responsibilities of each manager or justify not doing so. Similarly, in Section 17.2.3.3.1, 17.2.8. 3.1, and 17.2.11.3.1, 17.2.12.3.1, 17.2. 1.3.3.1, 17.2.14.3.1, 17.2.15.3.1, and 17.2.16.3.1 of FSAR Chapter 17, clearly identify which of these 2 managers is responsible for the function(s) listed. Clarify Section 17.2.11.1 to show whether testing alternatives require approval by both Managers (PPOD and PPTD) or only one of them (if so, which one?).
2. Identify who (by position title) is responsible for the activities assigned to the Superintendent, Plant Operations in FSAR Amendment 14. This position is no longer shown in FSAR Amendment 15.
3. Identify who (by position title) is responsible to direct the planning of major maintenance repairs and overhauls and preventive maintenance activities which was assigned to the General Supervisor, Maintenance Section in FSAR Amendment 14. This responsibility is no longer assigned to this position in FSAR Amendment 15.
4. Section 17.2.1.3.1.1.1.3 of FSAR Amendment 15 refers to the position of Superintendent, Plant Operations, which has apparently been eliminated. Clarify.
5. The degree ^{of} conformance to Regulatory Guide 1.58 was changed in FSAR Amendment 15 (page 1.8-12) to address section C.5 and C.6 of the Regulatory Guide for personnel involved in gas leak testing. In accordance with the Implementation portion of the Regulatory Guide, also address sections C.7, C.8 and C.10 of this Regulatory Guide or justify not doing so.
6. The second exception to Regulatory Guide 1.88 (FSAR page 1.8-21) refers to ANSI PH 1.43-1979. We have been unable to locate a 1979 issue of this standard. We have located a 1981 issue and request that you reference it or supply a copy of the 1979 issue.
7. The first clarification to Regulatory Guide 1.123 (FSAR page 1.8-29) permits others to disposition nonconformances "use-as-is" or "repair" on behalf of CEI. Describe measures which assure that CEI is aware when any such disposition is made.
