Dear Mr. Martin:

Subject: Waterford 3 SES  
Docket No. 50-382  
EMERGENCY PREPAREDNESS EXERCISE SCHEDULE

Louisiana Power and Light Company has tentatively scheduled the next emergency preparedness exercise for Waterford 3 for September 1985. The exercise will be in accordance with 10CFR50, Appendix E, Parts F.2 and F.3; and will be a partial participation exercise.

A full participation exercise was held for Waterford 3 on February 8, 1984. This exercise satisfied the requirements of 10CFR50, Appendix E, Part F.1.

The September time frame for a 1985 exercise was selected for the following reasons:

- 1) Activities associated with post core load testing and power escalation are currently scheduled for early 1985.
- 2) Exercise activities are coordinated with state and local officials who have indicated a preference for an exercise occurring when school is in session.
- 3) In coordinating with the State of Louisiana - who must participate with three different sites - a Waterford 3 exercise occurring later in the year than the first quarter allows better coordination of the state activities in participating with the three sites.
