FREEDOM OF INFORMATION ACT REQUEST

FREEDOM OF INFORMATION ACT REQUEST

Director
Office of Administration
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

FOIA-84-608
Rec'd 7-24-84

To Whom It May Concern:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. §552, the Government Accountability Project (GAP) of the Institute for Policy Studies, requests copies of any and all agency records and information, including but not limited to notes, letters, memoranda, drafts, minutes, diaries, logs, calendars, tapes, transcripts, summaries, interview reports, procedures, instructions, engineering analyses, drawings, files, graphs, charts, maps, photographs, agreements, handwritten notes, studies, data sheets, notebooks, books, telephone messages, computations, voice recordings, and any other data compilations, interim and/or final reports, status reports, and any and all other records generated in connection with a July 18 letter signed by Darrell Eisenhut regarding an April 3 thru April 13 NRC Inspection Report No. 84-10 at Comanche Peak.

If any of the material covered by this request has been destroyed and/or removed, please provide all surrounding documentation, including but not limited to a description of the action(s) taken, relevant date(s), and justification(s) for the actions.

GAP requests that fees be waived, because "finding information can be considered as primarily benefitting the general public," 5 U.S.C. §552(a)(4)(A). The Government Accountability Project is a non-profit, non-partisan public interest organization concerned with honest and open government. Through legal representation, advice, national conferences, films, publications and public outreach, the Project promotes whistleblowers as agents of government accountability. Through its Citizens Clinic, GAP offers assistance to local public interest and citizens groups who seek to ensure the health and safety of their communities. The Citizens Clinic is currently assisting several citizens groups, local governments, and intervenors in the South Carolina area concerning the Catawba Nuclear Power Plant.

We are requesting the above information as part of an ongoing monitoring project on the adequacy of the NRC's efforts to protect public safety and health at nuclear power plants.

For any documents or portions that you deny due to a specific FOIA exemption, please provide an index itemizing and describing the documents or portions of documents withheld. The index should provide a detailed justification of your grounds for claiming each exemption, explaining why each exemption is relevant to the document or portion of the document withheld. This index is required under Vaughn v. Rosen (I), 484 F.2d 820 (D.C.Cir. 1973), cert. denied, 415 U.S. 977 (1974).
