Memo to File

OYSTER CREEK, REQUEST FOR INFORMATION FROM JUDY RUSSEL, NEW YORK
DAILY NEWS, FREEHOLD BUREAU, TELEPHONE NO. 201-431-2565

Ms. Russel called to request information regarding Oyster Creek. She referred to the inspection report by Dr. Gallina of February or March 1973. She asked if there were further reports and whether the Commission had come to a determination regarding the matters raised in ~~this~~ this report. I told her that information on further inspections and on the outcome was available in the Public Document Room but that I would check into the matter and see what information I could provide for her. The matter was reviewed and it was decided that Gallina would gather the information and transmit to Ingram who would in turn call Ms. Russel.
