Dear Mr. Skovholt:

SUBJECT: OYSTER CREEK NUCLEAR GENERATING STATION  
DOCKET 50-219  
SUPPLEMENT NO. 3  
TO THE APPLICATION FOR A FULL TERM LICENSE

Enclosed are three originals and sixty-seven reproduced signature copies of Supplement No. 3 to Jersey Central's Application for a Full Term License for the Oyster Creek Nuclear Generating Station. This supplement documents additional information on the Reactor Building Crane given your staff at a meeting in Bethesda on November 14, 1972.

As we had indicated at the meeting, we require your acceptance of our proposal in order to meet our fuel shipment requirements. In this regard, we would appreciate receiving such concurrence as soon as possible so that we may proceed with fabrication of the Cask Drop Protection System.

Very truly yours,

R. H. Sims  
Vice President
