License No. DPR-16
 Insp. No. 74-15

Gentlemen:

This refers to the inspection conducted by Mr. Partlow of this office on September 26-27, 1974 at Oyster Creek Nuclear Generating Station of activities authorized by AEC License No. DPR-16 and to the discussions of our findings held by Mr. Partlow with Mr. Ross of your staff at the conclusion of the inspection.

The area examined during this inspection was limited to the program for control of special nuclear material. Within this area, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

During this inspection, it was found that one of your activities appeared to be in violation of an AEC requirement. The item and reference to the pertinent requirement is listed in the enclosure to this letter. This letter constitutes a notice sent to you pursuant to the provisions of Section 2.201 of the AEC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations. Section 2.201 requires you to submit to this office within 20 days of your receipt of this notice, a written statement of explanation in reply, including: (1) steps which have been or will be taken by you to correct the violation, and the results achieved; (2) steps which will be taken to avoid further violations; and (3) the date when full compliance will be achieved.

In accordance with Section 2.790(d) of the AEC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, documentation of findings of your control and accounting procedures for safeguarding special nuclear materials and your facility security procedures are exempt from disclosure; therefore, the enclosure to this letter, the inspection report, and your response to this letter will not be placed in the Public Document Room and will receive limited distribution.
