Subject: Oyster Creek Station
Docket No. 50-219
Proprietary Drawing Reclassification

Re: Letter dated February 26, 1974 from Mr. Ivan R. Finfrock, Jr.
to Mr. Dennis L. Ziemann

Letter dated May 6, 1974 from Mr. Dennis L. Ziemann to
Mr. Ivan R. Finfrock, Jr.

My letter dated February 26, 1974 to you transmitted Drawing
no. 20464-H and requested that it be withheld from public disclosure due to
its proprietary nature. Since defense of this proprietary classification
was not forwarded to you by June 6, 1974, the drawing was placed in the
public record.

The proprietary classification of the drawing was established by
the Atwood & Morrill Company, the owner of the drawing. Subsequent to your
May 6, 1974 letter, Atwood & Morrill stated that Drawing No. 20464-H was no
longer considered proprietary.

Very truly yours,

Ivan R. Finfrock, Jr.
Vice President
