

FEB 13 1985

Mr. Allan C. Wade
165 South Dolliver
Pismo Beach, California 93449

Dear Mr. Wade:

Subject: ATS #RV85A004

This refers to your meeting with Messrs. Crowley and Shackleton on January 31, 1985, in which you expressed concerns related to construction practices at Diablo Canyon.

An enclosure to this letter documents your concerns as related to me by Mr. Crowley. We have initiated an inquiry regarding this matter, therefore, if the enclosure does not completely and accurately reflect all of your concerns, please contact me collect as soon as possible at 415-943-3700 so that we can assure that they are adequately addressed during our inquiry. If you should call and I am not available, please leave a message so that I can return your call.

In closing, we appreciate your bringing your concerns to our attention. If you have additional questions, or if I can be of further assistance in this matter, please do not hesitate to contact me.

Sincerely,

Original signed by
R. J. Pate

Enclosure 1

Statement of Concerns

1. Mr. Wade is concerned with the direction given to him by Mr. Than Hoang, a Bechtel Engineer, regarding system completion and the use of material for system completion. Mr. Hoang instructed Mr. Wade and other members of Mr. Wade's work crew to remove material from other areas of the plant and install it in a different area to complete punchlist items required for area turnover.
2. Mr. Wade questions the disposition of cable cut from a reel for a particular job, then not used due to an error in material selection.
