Docket No. 50-219
License No. DFR-16

Reference: Your letters dated November 20, 1973 and December 12, 1973,
received in our office on January 2, 1974
In response to our letter dated October 30, 1973

Gentlemen:

Thank you for informing us of the corrective and preventive
actions you documented in response to our correspondence.

Your responses to Safety Items 1.b and 1.e, and Violation Item 6
were not entirely satisfactory in that they failed to provide
assurance that these deficiencies would in fact be corrected or
corrected promptly. However, our recent inspection of your
facility on December 27 and 28, 1973, established that your
corrective actions as actually applied were satisfactory.

Your cooperation with us is appreciated.

Sincerely,

James P. O'Reilly
Director
