Re: Docket No. STN 50-482  
Ref: Letter of 1/23/85 from WMiller, NRC  
to GLKoester, KG&E  
Subj: Operating License Invoice

Dear Mr. Miller:

Your letter (Reference) provided the invoice for the first bill for the NRC's review of the operating license application of Wolf Creek Generating Station, Unit No. 1. Your letter refers to a cost analysis having been completed to arrive at the invoiced amount.

In accordance with 10 CFR 170.51, KG&E hereby requests a copy of the Wolf Creek cost analysis. With this request, KG&E is not disputing the amount of the invoice, i.e., is not pursuing the provisions of 10 CFR 15.31. Instead, this request is made to seek the normal backup documentation KG&E requires before paying invoices.

Yours very truly,

Glenn L. Koester  
Vice President - Nuclear
