Docket No. 50-482

Ms. Elizabeth Brosius
Nuclear Awareness Network
1347-1/2 Massachusetts
Lawrence, KS 66044

IN RESPONSE REFER
TO FOIA-84-291

Dear Ms. Brosius:

This is a second partial response to your letter dated April 13, 1984, in which you requested, pursuant to the Freedom of Information Act, copies of documents which pertain to three separate categories of information regarding the Wolf Creek Nuclear Power Plant.

The documents listed on enclosed Appendix A are already available in the Nuclear Regulatory Commission's Public Document Room (PDR), 1717 H Street, NW, Washington, DC 20555. You may request copies of these documents by referring to the accession numbers.

Records subject to Item 3 of your request ("any and all 'Systems Turnover' completed and ongoing") have been addressed in response to another FOIA request. That response is maintained in the PDR in folder FOIA-84-676 under the name of Varrichio. You may obtain copies of these documents by referring to the above FOIA folder.

The search for and review of additional documents subject to your request have not been completed. As soon as the search and review are completed, we will advise you of our disclosure determination.

Sincerely,

J. M. Felton, Director
Division of Rules and Records
Office of Administration

Enclosure: As stated

FREEDOM OF INFORMATION
ACT REQUEST

*FOIA 84-291
Rec'd 4-19-84*

FREEDOM OF INFORMATION ACT REQUEST

To whom it may concern:

Pursuant to the Freedom of Information Act, U.S.C. 522, as amended, the Nuclear Awareness Network requests the following documents regarding the Wolf Creek Nuclear Power Plant. Please consider "documents" to include reports, studies, test results, correspondence, memoranda, meeting notes, meeting minutes, working papers, graphs, charts, diagrams, notes and summaries of conversations and interviews, computer records, and any other forms of written communication, including internal NRC Staff memoranda. The documents are specifically requested from, but not limited to, the following offices of the NRC: Office of the Analysis and Evaluation of Operational Data (AEOD); Office of Nuclear Reactor Regulation (NRR); Office of Nuclear Regulatory Research (Research); Office of Inspection and Enforcement (I&E); Generic Issues Branch of the Division of Safety Technology, and the Operating Reactors Branches of the division of Licensing. In your response, please identify which documents correspond to which requests below.

Pursuant to this request, please provide all documents prepared or utilized by, in the possession of, or routed through the NRC related to:

1. Any and all Office of Investigation (OI) investigations, completed and ongoing.
2. Any and all OI Auditor reports concerning Wolf Creek or licensees.
3. Any and all "Systems Turnover", completed and ongoing.

If any of the material covered by this request has been destroyed and/or removed, please provide all surrounding documentation, including but not limited to a description of the action(s) taken, relevant date(s), and justification(s) for the actions.

In our opinion, it is appropriate in this case for you to waive copying and search charges, pursuant to 5 U.S.C. 552 (a) (4)(A) "because furnishing the information can be considered as primarily benefiting the general public." The Nuclear Awareness Network is a non-profit organization serving and providing information to the general public.

For any documents or portions that you deny due to a specific FOIA exemption, please provide an index itemizing and describing the documents or portions of documents withheld. The index should provide a detailed justification of your grounds for claiming each exemption, explaining why each exemption is relevant to the document or portion of the document withheld. This index is required under Vaughn v. Rosen (I), 484 F.2d 820 (D.C. Cir. 1973), cert. denied, 415 U.S. 977 (1974).

We look forward to your response to this request within ten days.

Sincerely,

Elizabeth Brosius
