Dear Mr. & Mrs. R. Bachman:

Thank you for your letter concerning operations of the Oyster Creek Nuclear Power Plant and your property in Waretown, New Jersey.

The environmental situation around Oyster Creek is a matter of continuing interest to the Nuclear Regulatory Commission, as evidenced by the Final Environmental Statement recently published by NRC and available for your inspection in the Public Document Room in the Public Library in Toms River, New Jersey.

I am forwarding your letter to NRC headquarters for review.
