License No. DPR-16  
 Inspection No. 50-219/75-04

Gentlemen:

This refers to the inspection conducted by Mr. Greenman of this office on January 29-31, 1975 at Oyster Creek, Forked River, New Jersey of activities authorized by AEC License No. DPR-16 and to the discussions of our findings held by Mr. Greenman with Mr. Finfrock at the conclusion of the inspection.

Areas examined during this inspection are described in the Office of Inspection & Enforcement Inspection Report which is enclosed with this letter. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Our inspector also verified the steps you had taken to correct the noncompliance items brought to your attention in our letters dated November 22 and December 26, 1974, following our inspections. We have no further questions regarding the matters discussed. We note that corrective action including revision of applicable procedures has not been completed. This action will be further inspected at a later date.

During this inspection, it was found that one of your activities appeared to be in noncompliance with an AEC requirement. The item and reference to the pertinent requirement are listed in the enclosure to this letter. This letter constitutes a notice sent to you pursuant to the provisions of Section 2.201 of the AEC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations. Section 2.201 requires you to submit to this office within 20 days of your receipt of this notice, a written statement of explanation in reply, including: (1) corrective steps which have been or will be taken by you, and the results achieved; (2) corrective steps which will be taken to avoid further noncompliances; and (3) the date when full compliance will be achieved.

In accordance with Section 2.790 of the AEC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include a full statement of the reasons on the basis of which it is claimed that the information is proprietary, and should be prepared so that proprietary information identified in the application is contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

Eldon J. Brunner, Chief  
Reactor Operations Branch
