Gentlemen:

We have received a copy of your application dated February 2, 1985, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application requested a waiver from the requirement for mid-cycle inspection of the Fort Calhoun Station Unit No. 1 steam generators.

Fees pursuant to 10 CFR 170, as revised June 20, 1984, were not remitted with your application. This revised rule requires licensees to remit an application fee of \$150 with each application for license amendment, relief, exemption and other request. Therefore, it is requested that the District remit the required application fee of \$150 for your February 2 request. The District will be billed for any additional costs for the review of your application in accordance with 10 CFR 170.12(c) and 170.21.

Sincerely,
