President
827 Simpson Street
Evanston, Illinois 60201

Gentlemen:

This refers to your application dated August 22, 1983, for a materials license.

We received your check for \$190; however, your application is subject to application fees totalling \$900 as specified in fee Categories 1J (\$460), 2D (\$140), 3K (\$190) and 3L (\$110) of Section 170.31 of the enclosed 10 CFR 170. The fee categories are based on the types and uses of radioactive materials listed in your application, i.e., special nuclear material (1J), source material (2D), byproduct material for research and development (3K), and byproduct material for calibration and analysis purposes (3L).

Please note Footnote 1(a) which states, in part, that "Applications for materials licenses and approvals shall be accompanied by the prescribed application fee for each category....". Accordingly, an additional fee of \$710 (\$900 minus \$190) is due. Payment of the additional fee should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention at our Washington, D.C. address. When submitting the fee, please refer to CONTROL NUMBER 75458.

Your application is being processed by the Region III Licensing staff located at 799 Roosevelt Road, Glen Ellyn, Illinois 60137. The additional fee, however, is required prior to issuance of the license.

Sincerely,

Original Signed By
Glenda Jackson
