Purpose and Scope

A meeting with GPU and JCP&L Management was held at JCP&L Corporate Headquarters to discuss a summary of recent inspection findings.

Discussion Items

The Director, Region I, stated that the purpose of the meeting was to discuss with corporate management several areas of concern to IE, and to make management aware of the nature and extent of these concerns.

The specific topics were outlined and include the following:

1. Record of previous correspondence and meetings on the implementation of the Quality Assurance Program.
2. Summary discussion of the inspection findings of the IE Inspection 75-07 (Quality Assurance for Operations). Items of Noncompliance were discussed.
3. Improvements in staffing and progress toward procedures updating were noted.
