SUBJECT: Waterford SES Unit 3
Docket No. 50-382
Emergency Operating Procedure Implementation

REFERENCE: W3P84-2573 dated September 19, 1984

Dear Sir:

The referenced letter provided LP&L's final changes, based on Staff comments, to the Procedures Generation Package (PGP) for Waterford 3.

At this time, the PGP changes have been incorporated into the EOPs, verification/validation is complete, and the procedures are approved for implementation. Licensed operator training has also been completed, both the classroom and walkthrough phases, for the large majority of changes. Several minor EOP changes, resulting from NRC Staff comments, will be incorporated into operator training through the required reading list.

Should you have any questions or comments on this matter please contact Mike Meisner at (504) 595-2838.

Yours very truly,

K.W. Cook
