FREEDOM OF INFORMATION ACT REQUEST

Dear Mr. Felton:

Pursuant to the Freedom of Information Act, 5 U.S.C. 522, as amended, the Nuclear Information and Resource Service requests the following documents regarding the Diablo Canyon nuclear power plant. This request is made on behalf of the San Luis Obispo Mothers for Peace Inc., intervenors in the Diablo Canyon Operating License proceedings, docket nos. 50-275, 323. Please consider "documents" to include reports, studies, test results, correspondence, memoranda, meeting notes, meeting minutes, working papers, graphs, charts, diagrams, notes and summaries of conversations and interviews, computer records, and any other forms of written communication, including internal NRC Staff memoranda. The documents are specifically requested from, but not limited to, the Office of General Counsel (OGC). In your response, please identify which documents correspond to which requests below.

Pursuant to this request, please provide:

1. All documents related to Commission meetings held during June, July, and August of 1984 concerning the complicating effects of earthquakes on emergency preparedness at the Diablo Canyon plant including, but not limited to, SECY papers, vote sheets, and memoranda to and among the Commissioners.

In our opinion, it is appropriate in this case for you to waive search charges, pursuant to 5 U.S.C. 552(a)(4)(A) "because furnishing the information can be considered as primarily benefiting the general public." The Nuclear Information and Resource Service is a non-profit organization serving local organizations concerned about nuclear power and providing information to the general public. Information required by 10 CFR 9.14a was provided by letter dated August 3, 1984. This FOIA request is submitted on behalf of the San Luis Obispo Mothers for Peace, a non-profit organization involved in intervention and litigation on the Diablo Canyon plant. Information sought
