MEMORANDUM
(Scheduling of CYGNA Matters)

SERVED NOV 8 1984

Because of the extensive overlap between the CYGNA Phase III Report and other matters in controversy, we will await the Staff's analysis of that report before determining what matters, if any, should be further litigated. Currently, the Staff targets December 7, 1984 for this matter. On that same date, we also will expect parties to comment on the necessity for CYGNA Phase IV matters being considered in this proceeding.

O R D E R

For all the foregoing reasons and based on consideration of the entire record in this matter, it is this 7th day of November 1984

ORDERED:
