IN RESPONSE REFER
TO FOIA-84-664

Dear Ms. Bell:

This is the final response to your letter dated August 6, 1984, in which you requested, pursuant to the Freedom of Information Act (FOIA), documents concerning the analysis, review and preparation of the Safety Evaluation Report for the construction permit stage for the Vogtle Nuclear Power Plant.

By letter dated October 9, 1984, we placed 15 documents into the Public Document Room for your inspection and copying. At that time, we anticipated receiving additional records from staff members who had not then completed search. However, we have been informed that the staff has located no further documents subject to your request.

This completes NRC's action on your request.

Sincerely,

A handwritten signature in black ink, appearing to read "J. M. Felton", written over a printed name and title.
