

FEB 19 1985

Docket Nos.: 50-440  
and 50-441

Mr. Murray R. Edelman, Vice President  
Nuclear Operations Group  
The Cleveland Electric Illuminating Company  
P. O. Box 5000  
Cleveland, Ohio 44101

Dear Mr. Edelman:

Subject: NRC Staff Review of Chapter 13 of the Perry Nuclear Power  
Plant FSAR, Amendments 14 and 15

The staff has completed its review of changes documented in Sections 13.1, 13.4 and 13.5 (Administrative Procedures Section of 13.5) of FSAR Amendment 15, as well as responses to questions, provided by your letter dated January 14, 1985, relative to changes documented in FSAR Amendment 14. Except for the verification of the operating crew qualifications, the changes to Chapter 13 of the FSAR, contained in Amendments 14 and 15, are considered to be in compliance with the acceptance criteria cited in the Standard Review Plan (NUREG-0800), and are therefore acceptable, to the staff. The operating crew qualifications will be held as an open item in the next Perry SER supplement (No. 6) unless this information is acceptably documented in a FSAR amendment, as indicated by your staff, prior to issuance of SER Supplement No. 6.

If there are any questions, please advise the Perry Project Manager accordingly.

Sincerely,

*151*

B. J. Youngblood, Chief  
Licensing Branch No. 1
