IN RESPONSE REFER  
TO FOIA-84-213

Dear Ms. Bernabei and Ms. Garde:

This is in further response to your letter dated March 26, 1984, in which you requested, pursuant to the Freedom of Information Act (FOIA), copies of all records relevant to or generated in connection with any meetings, discussions, or conversations held between Darrell Eisenhut, Director, Division of Licensing, NRR, and officials of Louisiana Power and Light Company or officials of Texas Generating Utilities, Inc., in February or March, 1984, concerning the Waterford Steam Electric Station Unit 3 or the Comanche Peak Steam Electric Station Units 1 and 2.

We previously made available documents identified in a letter to you dated April 12, 1984. While these documents are related to the Waterford and Comanche Peak plants, the staff has concluded, based on further review, that they are not specifically within the scope of your request. We have been informed by the staff that there are no documents subject to FOIA-84-213.

This completes NRC's action on your request.

Sincerely,

A handwritten signature in black ink, appearing to read "J. M. Felton".
