SUBJECT: SIMPLIFIED BOILING WATER REACTOR (SBWR) - ENGLISH TRANSLATIONS OF
GERMAN PAR REPORTS

Dear Mr. Quinn:

In your letter dated April 16, 1996, you requested English translations made by the Nuclear Regulatory Commission (NRC) of NIS reports submitted by GE on the SBWR docket. The staff has provided the enclosed copy of English translations of the reports identified in the letter from NIS to NRC dated April 2, 1996.

The translations were made to facilitate our review for the SBWR design and, therefore, you are requested to review these translations and advise the staff of their accuracy. Since English translations of the reports contain commercial proprietary information they will be withheld from public disclosure pursuant to 10 CFR 2.790(b)(5) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

If you have any questions regarding this matter, please contact Son Ninh at (301) 415-1125.

Sincerely,

original signed by:

Theodore R. Quay, Director
Standardization Project Directorate
Division of Reactor Program Management
Office of Nuclear Reactor Regulation
