Docket Nos. 50-445-OL2
50-446-OL2

In the Matter of

TEXAS UTILITIES ELECTRIC COMPANY

(Comanche Peak Steam Electric Station,
Units 1 and 2)

(Application for
Operating License)

November 9, 1984

MEMORANDUM
(Deficiency Paper: Jim Cole)

The termination paper for Jim Cole indicates numerous errors in documentation. The situation calls for deficiency paper (NCR or other equivalent). However, in a parallel situation involving witness F there apparently was no deficiency paper. Consequently, Applicants should file the relevant deficiency paper with us.

O R D E R

For all the foregoing reasons and based on consideration of the entire record in this matter, it is this 9th day of November 1984

ORDERED:

That Applicants shall file the requested deficiency paper, or an explanation of why it does not exist, so that it will be in the hands of the Board and parties by November 21, 1984.
