Dear Mr. O'Reilly:

Please refer to L. M. Mills' letter to dated October 19, 1984 which contained our response to Inspection Report 84-31 for our Browns Ferry Nuclear Plant. In response to both inspection items we indicated full compliance would be achieved by November 19, 1984, however, full compliance will not be achieved until November 21. This action was discussed between Floyd Cantrell of your staff and Mike Hellums of my staff on November 19. If you have any questions, please call me at FTS 858-2725.

To the best of my knowledge, I declare the statements contained herein are complete and true.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
