VOGTLE ELECTRIC GENERATING PLANT - UNITS 1 AND 2
INFORMATION CONCERNING ARCHAEOLOGICAL AND HISTORICAL
RESOURCES EXEMPT FROM PUBLIC DISCLOSURE

Dear Mr. Denton:

By my letter of August 3, 1984 (File X7T02.6, Log: GN-400), Georgia Power Company provided consultants reports and Cultural Resource Management Plans (CRM) delineating historical and archaeological properties along certain transmission line rights-of-way associated with the Vogtle project. As noted in that letter, additional reports and CRM plans were being developed and would be submitted as they became available.

Attached are the Consultant's report and submittal letter to the Georgia State Historic Preservation Officer for the Vogtle to Thalmann transmission line. This information is being provided with the understanding that it will not be subject to public disclosure. Withholding this information from public disclosure is necessary to protect these resources and insure their preservation. The basis for withholding from public disclosure were stated in my letter of August 3, 1984.

Additional reports and CRM plans are being developed for submittal to the State Historic Preservation Officer for the transmission lines associated with the Vogtle Electric Generating Plant. Such reports will be submitted to you under the same conditions noted herein as they become available.

If you have any questions concerning the enclosed information please contact us.

Yours very truly,

D. O. Foster
