Docket No. 50-361/362

Mr. Harold Ray, Vice President and Site Manager
Southern California Edison Company
P. O. Box 128
San Clemente, California 92672

Dear Mr. Ray:

Subject: NRC Examinations at San Onofre Units 2 and 3

On October 1-5, 1984, the NRC administered examinations to employees of your company who had applied for licenses to operate your San Onofre Nuclear Generating Units 2 and 3.

As a result of these examinations, twenty Reactor Operator Candidates were found to meet the minimum qualification requirements for licensing.

At the conclusion of the examinations on October 5, 1984, the examination process and preliminary findings were discussed with members of your staff as detailed in the enclosed report.

In accordance with 10 CFR 2.790(a), a copy of this letter and enclosure (1) and (2) will be placed in the NRC's Public Document Room unless you notify this office by telephone within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1). Enclosure (3) is Personal Privacy Information and will be withheld from public disclosure in accordance with 10 CFR 9.5(a)(6).

Sincerely,

// signed //
