Gentlemen:

SUBJECT: MEETING SUMMARY - REPORT NOS. 50-259/84-39, 50-260/84-39 AND
50-296/84-39

This letter refers to the Enforcement Conference held at our request in Region II on September 26, 1984. This meeting concerned activities authorized by NRC Operating License Nos. DPR-33, DPR-52, and DPR-68 for the Browns Ferry facilities. The meeting related to the overpressurization of loop 1 of the Unit 1 core spray system, and a security violation.

The subjects discussed are detailed in the enclosed inspection report. Discussion of the security violation is included in Inspection Report Nos. 50-259/260/296/84-30.

It is our opinion that this meeting was beneficial and has provided for a better understanding of inspection findings and enforcement issues. In accordance with Section 2.790 of NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosures will be placed in NRC's Public Document Room. If you wish to withhold information contained in the inspection report, please notify this office by telephone and submit a written application to withhold information consistent with the requirements of 2.790(b)(1).

Should you have any questions concerning this matter, we will be pleased to discuss them.

Sincerely,

James P. O'Reilly
