December 15, 1983.
- (e): D. B. Vassallo letter to D. L. Farrar
dated June 12, 1984.

Dear Mr. Denton:

Reference (a) transmitted Supplement 1 to NUREG--737 requesting, among other items, emergency procedure implementation. Commonwealth Edison's position on Supplement 1 was detailed in Reference (b) and was negotiated with the NRC Staff. Our latest submittal on Emergency Operating Procedures was per Reference (d).

That submittal committed to an October 30, 1984 transmittal of the Procedures Generation Package to the NRC, an action confirmed per Reference (e). Enclosed in the form of an attachment to the letter is the Quad Cities Station Procedures Generation Package. The package consists of the following documents:

1. Plant-Specific Technical Guideline
2. Emergency Procedures Writers Guide
3. Verification and Validation of Emergency Procedures
4. Description of Training Program

Because these documents have been developed prior to any third party review, prior to development of the actual procedures, and as certain areas are still under review by the BWR Owner's Group, additional changes to these documents may still be necessary.

If there are any further questions regarding this matter, please contact this office.

One signed original and forty (40) copies of this letter and its attachment are provided for your use.

Very truly yours,

B. Rybak
Nuclear Licensing Administrator
