SUBJECT: UNITED NUCLEAR CORPORATION SUA-1356 (Docket No. 40-8602)  
AMENDMENT NO. 3

United Nuclear Corporation (UNC) has decided to delay current construction schedules for License SUA-1356. Amendment No. 3 for Source Material License SUA-1356 was issued April 16, 1981, to ensure that the evaporation pond embankment will be inspected to determine that it still meets the design specifications prior to UNC resuming construction of the embankment at a later date. Since the amendment was initiated by NRC and for the benefit of the Commission, Amendment No. 3 should be exempt from fees.
