In the Matter of
THE REGENTS OF THE UNIVERSITY OF CALIFORNIA
(UCLA Research Reactor)
Docket No. 50-142SP
(Proposed Issuance of Orders Authorizing Disposition of Component
Parts and Terminating Facility Operating License R-71)

Dear Administrative Judges:

I have been informed that you have been designated the Licensing Board that is to rule on the petition to intervene submitted by CBG in the above-entitled proceeding. Accordingly, please find enclosed "University's Answer to CBG's Petition for Hearing and Leave to Intervene" in that proceeding. CBG's petition includes a request that action on the petition be deferred. (It would have been preferable if that unusual request had been made in a separate motion.) University's Answer responds to the request to defer a ruling and to the petition for intervention.

The University will continue to be represented in this proceeding by the attorneys appearing on behalf of the University in the license renewal proceeding. Please include their names on the service list for this proceeding.

Very truly yours,

William H. Cormier
Representing UCLA
