Dear Mr. Walters:

This refers to our telephone conversation of October 30, 1984 and your letter of the same date concerning the captioned matter. Pursuant to your request I have enclosed a copy of the United States Department of Justice's advice letter to the Nuclear Regulatory Commission in connection with PG&E's application to construct the Stanislaus Nuclear Project. As I advised the license conditions submitted in connection with Stanislaus are now a part of the Diablo Canyon Nuclear Power Plant licenses.

Please call me if you have any questions concerning the enclosed material.

Sincerely,

Benjamin H. Vogler
