Executive Vice President
Post Office Box 1551
Raleigh, North Carolina 27602

Gentlemen:

We have received a copy of your application dated September 25, 1984, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application proposed changes to the spent fuel pool buffer zone for the Brunswick Steam Electric Plant Unit Nos. 1 and 2. Fees pursuant to 10 CFR 170 were not remitted with your application.

Since your application was filed after the June 20, 1984 effective date of the revision to 10 CFR 170 (copy enclosed) on fees, it is subject to the provision of the revised rule. This rule requires licensees to remit an application fee of \$150 with each application for license amendment, relief, exemption and other request. Therefore, it is requested that your Company remit the required application fee of \$150 for your September 25 request.

For your information, a brief discussion of fees for applications for license amendments and other requests filed before and after June 20, 1984, is contained in Enclosure 2 to this letter. If you have any questions regarding fees, please contact us on 301-492-7225.

Sincerely,

Original Signed by:
