(C) ANPP-30633, dated September 24, 1984 (Time Extension)

Dear Sir:

The NRC was notified of a potentially reportable deficiency in  
Reference (A), an Interim Report was transmitted by Reference (B), and a  
Time Extension was requested by Reference (C). At that time, it was  
estimated that a Final Report would be available by October 25, 1984.

Due to the extensive investigation and evaluation required, it is now  
expected that this information will be finalized by November 23, 1984, at  
which time a complete report will be submitted.

There is no new information or change to the Interim Report at this time.

Very truly yours,

*E E Van Brunt*
