Dear Mr. Woolever:

Subject: Beaver Valley, Unit No. 2 Backfit Appeal Meetings

As a result of a technical meeting on February 11 and 12, 1985 between DLC and the Power System Branch staff in which all open mechanical issues including Class 1E power was discussed, a satisfactory resolution between the parties was achieved for the Class 1E power issue. Subsequent to the meeting, on Tuesday, February 12, 1985, at the request of Mr. Kurtz of your staff, the backfit appeal meeting to discuss Class 1E power for lighting and communication systems was cancelled.

As Mr. Novak noted in telephone conversations with Mr. Kurtz on January 14 and 22, 1985 and in his follow-up letter to you on January 28, 1985, there are many backfit appeal items that need resolution. We need to proceed with the backfit appeal meetings in order to reach a final position on these issues in a timely fashion. Therefore, we request you provide us your schedule for the remaining issues as soon as possible so we can make the appropriate arrangements for the appeal meetings.

Sincerely,

George W. Knighton, Chief
Licensing Branch No. 3
Division of Licensing
