Vice President, Ginna Nuclear Production
Rochester Gas and Electric Corporation
89 East Avenue
Rochester, New York 14649

Dear Dr. Mecredy:

Representatives of the Czech Republic are visiting Region I for training as a nuclear power industry regulator. As part of that training, they will be visiting some of the nuclear powered electric generating stations in NRC Region I.

The names and badge numbers of the Czech guests are:

- Petr Brandejs (Badge No. F1007)
- Zdenek Tipek (Badge No. F1006)

It is currently planned that they will visit the Ginna Nuclear Power Plant the weeks of May 6 and June 17, 1996 and work with the resident inspectors and observe the 40500 inspection led by Mr. Thomas Moslak. They have not completed general training in radiological protection, security, and personal safety. Therefore, I am requesting that they be afforded escorted access to your facility. Should you require any additional information or perceive any problem with this request, please call.

This letter is effective upon receipt and expires on June 30, 1996. We appreciate your cooperation with us in this matter.

Sincerely,
