Docket No. 50-440
Security Plan Change

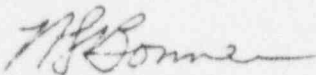

Gentlemen:

Attached please find four (4) copies of Revision 22 to the Perry Nuclear Power Plant (PNPP) Security Plan. Changes in this revision were made in accordance with 10 CFR 50.54(p). The scope of the revision is described on page vii of the attachment. The changes have been determined not to decrease the effectiveness of the Security Plan.

The changes were implemented on February 29, 1996. On May 2, 1996, in a telephone conversation with J. R. Creed of Region III, it was noted that this letter should have been submitted by the end of April in order to meet the submittal guidance in 10 CFR 50.54(p)(2), and that it would be processed as soon as possible.

If you have questions or require additional information, please contact Mr. James D. Kloosterman, Manager - Regulatory Affairs at (216) 280-5833.

Very truly yours,

for Donald C. Shelton
