Dear Mr. Jaffe:

This replies to your August 31 letter to Chairman Nunzio J. Palladino. To obtain a copy of "...the handbook or the specification manual that describes the requirements and the testing procedures..." for the diesel generators to be used at the Shoreham nuclear plant, I suggest you contact the Long Island Lighting Company and/or the manufacturer of the diesel generators. It is possible that a copy might be included in the Shoreham docket file in the NRC's Public Document Room here in Washington, but I doubt it.

Sincerely,

A handwritten signature in black ink that reads "Frank L. Ingram". The signature is written in a cursive style with a long horizontal stroke at the end.
