Dear Mr. Felton:

On March 20 and 21, 1984, the NRC Staff and a consultant from EG&G, Idaho, audited the electrical equipment qualification files for Three Mile Island, Unit 1. The results of this audit are enclosed with a letter from J. F. Stolz, NRC to H.D. Hukill, GPU, April 25, 1984. Pursuant to the Federal Freedom of Information Act, I hereby request copies of the following:

1. All reports, memoranda, and other documents prepared by NRC or its contractors prior to, during or after the audit which present, discuss or analyze the purpose of the audit, the selection of equipment to be audited and the findings of the audit.
2. Any documents, including contracts, which identify the EG G contractor and present his/her qualifications.

Very truly yours,
