

MEETING SUMMARY

Licensee: Nebraska Public Power District
Facility: Cooper Nuclear Station
License No.: DPR-46
Docket No.: 50-298
Subject: STATUS OF LRS REPORT COMMITMENTS

On March 1, 1985, representatives of the Nebraska Public Power District met with Region IV personnel in Arlington, Texas, to discuss the status of commitments made as a result of the LRS report, which was conducted as a result of the order to modify license issued August 9, 1982. The meeting was held at the request of the Nebraska Public Power District.

Licensee representatives discussed the status of specific commitments which were not completed. Region IV representatives advised the licensee that the status should be documented by letter.
