Materials Licensing Branch,
Division of Fuel Cycle and Material Safety,
Office of Nuclear Material Safety and Safeguards,
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

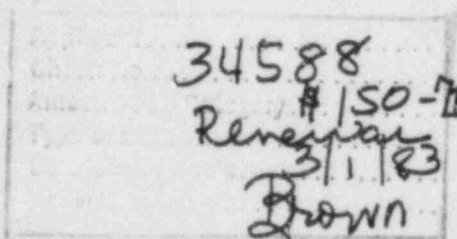

Gentlemen:

This letter is to request renewal of NRC License No.
20-15373-01 for The Nashoba Community Hospital, Ayer, Massachusetts.
Listed below are the changes from the existing license:

1. The Nuclear Medicine Laboratory has been redesigned.
See Item 11, Facilities and Equipment
2. Item 6 -- Remove Richard J. LaVigne, M.D. as an
individual user.
3. Add Nahid Rathore, M.D. as an individual user.
Supplements A & B and current C.V. are attached.
4. Item 7 -- see attached
5. Item 9 -- see attached
6. Item 13 -- see attached
7. Item 15 -- see attached
8. Item 17 -- see attached
9. Appendix 0 - ALARA program is attached

If you require additional data, it will be sent to you
immediately.

Sincerely,

Roland E. Larson
