ORDER OF REVOCATION OF LICENSE

I

Hunt Wireline Services, 2669 West Federal, Youngstown, Ohio 44504 ("the licensee") is the holder of Byproduct Material License 34-21191-01 ("the license") issued by the Nuclear Regulatory Commission ("the Commission"). The license authorizes the possession and use of byproduct material under certain conditions specified therein. This license was originally issued on December 28, 1982. The present expiration date of the license is December 31, 1987.

II

On August 30, and September 12, 1983 the licensee's activities authorized by License 34-21191-01 and located at 400-B Rayon Drive, Parkersburg, West Virginia were inspected by a representative(s) of the NRC Region II Office for health and safety purposes. On February 6, 1984, the Commission sent Invoice 0492T to the licensee requesting payment within 30 days of the inspection fee of \$520 required by 10 CFR 170 of the Commission's regulations. A second notice of payment due, together with a Notice of Violation, was sent to the licensee on March 6, 1984. A final notice of payment due was sent to the licensee on April 13, 1984. The licensee failed to pay the fee required by Part 170.

As a consequence, on July 30, 1984, the Commission issued an Order to Show Cause ("the Order"), directing the licensee to show cause why the license should not be revoked permanently. The Order afforded the licensee an opportunity to file a written answer thereto within 20 days of the date of receipt of the Order and stated that upon the licensee's failure to file an answer within the specified time, the Director of Administration or the Chief, License Fee Management Branch, Office of Administration, would issue a subsequent Order, without further notice, permanently revoking the license. The Order was resent on August 29, 1984, and received by the licensee on September 4, 1984.

No answer was filed with the Commission by the licensee.

III

Accordingly, in view of the licensee's failure to respond to the allegations specified in the Order, on the basis of the violations alleged therein and,

pursuant to the Commission's "Rules of Practice" in 10 CFR Part 2, IT IS  
HEREBY ORDERED THAT:

1. Byproduct Material Licence 34-21191-01 is revoked permanently;
2. The licensee shall dispose of any radioactive material acquired or possessed under the authority of License 34-21191-01 within 10 days from the date of this Order; and
3. The licensee shall notify the Chief, License Fee Management Branch, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, of the disposition of any licensed material which may have been possessed on the date of this Order under authority of License 34-21191-01 within 5 days after disposal of the material.
