 P.O. Box 2509
 Shirley Basin, WY 82615

Gentlemen:

Enclosed for your information are copies of two rulemaking notices recently published in the Federal Register. The two notices outline how the Commission plans to address the dual Congressional mandates to conform to the new Environmental Protection Agency (EPA) standards and to be comparable with EPA requirements for hazardous substances.

These copies are being provided to facilitate your comments. The comment period on the proposed rule changes will end January 10, 1985. The comment period on the advanced notice of proposed rulemaking will end January 25, 1985. Your comments are encouraged and should be sent directly to the headquarters address as indicated in the notices.

Sincerely, */s/*

R. Dale Smith, Director
 Uranium Recovery Field Office
 Region IV
