COPY

Hon. Alan Mikula
Mayor
Borough of Vandergrift
151 Lincoln Avenue
Vandergrift PA 15690

Dear Mayor Mikula:

As we discussed in our letter of April 24, we have been planning an Open House to meet with public officials and provide information about the Shallow Land Disposal Area (SLDA), as so many of you have requested. We have now completed our planning, and I hope you will be able to join us at this Open House for public officials, which will be Thursday, May 16 from noon to 8 p.m. at the SLDA Information and Resource Center.

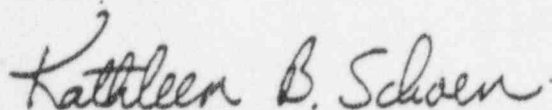

The Information and Resource Center is located on Route 66 in Parks Township, just south of Kiskimere Road, and we invite you to drop in anytime during the Open House. Members of the project team will be available throughout the afternoon and early evening to provide information and answer questions.

In addition, we are planning brief informational presentations for noon, 5:30 and 7 p.m. that day. These 15-20 minute sessions will focus on what's ahead in the near future for the SLDA remediation project. We will also answer questions you may have about the ongoing Environmental Impact Statement (EIS) process, which is being conducted by the U.S. Nuclear Regulatory Commission.

If you have any questions about the Open House or if there are specific aspects of the remediation plan that you would like information about, you may call the Information and Resource Center at (412) 567-5045 and leave a message. Your call will be returned promptly.

Thank you for your time and consideration. I hope to see you on May 16.

Sincerely,

Kathleen B. Schoen
Project Manager
