Arlington, TX 76012

Dear Mr. Collins:

We have reviewed the Systematic Assessment of Licensee Performance (SALP) Board Report of Comanche Peak Steam Electric Station; Units 1 and 2 covering the period October 1, 1982 through October 31, 1983. Based on this review we have no comments.

Sincerely,

BRC:msc

Gentlemen:

We have noted an error in the Systematic Assessment of Licensee Performance (SALP) Board report for Comanche Peak that was sent to you on May 14, 1984. Please make the following correction:

Errata #2 to SALP Report 50-445/83-49, 50-446/83-23

Four undated pages marked as "ENCLOSURE 1 - NRR SALP EVALUATION," and a one page memo, dated February 6, 1984, with subject: "Comanche Peak SALP," which immediately follow page 35 of the report, should be deleted by marking through them and referencing Errata #2.

Reason for Change

The proper Enclosure 1 - NRR SALP EVALUATION, dated April 27, 1984, was transmitted with the report. A previous revision, noted above, was also included but is deleted by this errata letter.

Please make a note that our letter of May 22, 1984, transmitting an erratum to you will be referred to as Errata #1.

Sincerely,

*E. H. Johnson*  
 E. H. Johnson, Chief  
 Reactor Project Branch 1
