IN RESPONSE REFER  
TO FOIA-84-425

Dear Ms. Garde:

This is in response to your letter of May 22, 1984, in which you requested, pursuant to the Freedom of Information Act, documents regarding meetings between members of NRR and others regarding the resolution of problems of the D.G.B. Building and the implementation of recommendations/conclusions from the Brookhaven Report dated October 21, 1983.

The documents listed on Appendix A are being placed in the NRC Public Document Room in folder FOIA-84-425 under your name. We have been informed that Mr. Harry Singh served as a geotechnical engineering consultant to the NRC and that he is with the U.S. Army Corps of Engineers. Although he did take some personal notes, they were never provided to the NRC.

This completes NRC action on your request.

Sincerely,

J. M. Felton, Director  
Division of Rules and Records  
Office of Administration
